Seeing is believing (Jan.20, 2022)

Once we are doing for something good, especially for the church, for the people, for the society, people see it automatically.

What is that mean seeing is believing. Once they believe in us what we are doing, they tend to have minds to help us, to pray for us, that is a natural as a human being.

So, first, they need to see it, of course, hearing is from the third person, that's better than nothing. But definitely No proud, No boast at all. See the Dr. Melvin. He had shown us many things, especially through the LPMI NetworkNews. He wrote wonderful articles for nearly 25 years, but never shown us his own proud to us.

That's why Melvin stressed me to make "Newsletter" in the very beginning of this ministry. And I follow his advice last twenty years, MONTHLY newsletter. I found that I made it in the beginning, but soon later the NEWSLETTER led our ministry. That's really interesting phenomenon, but was true.

Showing people what we are doing is indispensable, unavoidable and further necessary for the success of ministry.

Without seeing or hearing, they could not help us. They are not motivated at all. That is why communication is important as PACE manual taught, in times of weak, also in times of strength as well.

To mission-possible that was given by God, we need many people to be fan for that mission. That is true and unchangeable strategy. So let them know as much as we can for the single goal, "to glory to God" in this earth through the success in ministry.
